OcuLED Advantage:

1. Low cost compared to competitors
2. Only Field cuttable stick on market for any size lamp.
3. Removable and rotatable end cap for all types of sign cabinets.
4. Sturdy construction, will not bend for larger lengths.
5. Available in single and double sided configuration.
6. Powder coated finish reduces oxidation for longevity and durability.
7. Can be used even when HO sockets are damaged or missing.
8. Can be used with new construction with added adapter.
9. Comes with WAGO clips for easy connectivity.
